

**CITY OF FOUNTAIN VALLEY
MEMBER OF THE CITY COUNCIL**

SAMUEL LEW

AGE: 50

OCCUPATION: Communications Technician/Community
Volunteer

I was appointed to City Council in 2000 and during my two-year term I made it my goal to help enhance the quality of life in Fountain Valley. I was instrumental in the building of the senior campus, the Mile Square Park expansion, and the Newhope Street extension - all without new taxes. I was on several committees including the Legislative Committee and the Advisory Committee for the Disabled.

Prior to my Council tenure, I enjoyed two terms on the Housing and Community Development Committee. I have served our youth, senior citizens and businesses as part of several community organizations including the Fountain Valley Educational Foundation Board of Directors. Through my church I am also involved with many community improvement projects.

I hold a B.A. in Economics and a Masters degree in Business Administration. I have worked for SBC/Pacific Bell for more than 25 years in both technical and management positions.

Fountain Valley has been home to me, my wife Joanne, son Chris and daughter Melissa for 22 years. I would be proud and honored to represent this city again. I am committed to an open and fair dialogue with all its residents. Please visit my website www.samlew.com.
